

The Challenge:

Clearly conveying both audible and visual messages to participants, both near and far with seamless connectivity.

Our Solution:

A flexible multipurpose room suitable for training, brainstorming, collaboration and everyday communication activities with or without BYO devices.

Product	Function
Da-Lite IDEA Screen	Designed for ultra short throw projectors, the erasable surface is hotspot-free under projection. Suitable for whiteboard use with dry-erase markers. Available in 87", 94" and 100".
Epson EB-1450UI	Interactive projector connects people, technology and ideas into a seamless digital experience. FHD WUXGA resolution, clearly readable display up to 100", 3800 lumens brightness. Annotate content using finger touch or gesture. Collaborate, capture, save, print or email all without a PC.
Atlona HDVS-200TX-WP	2x1 wall plate switcher for HDMI and VGA inputs with HDBaseT output. HDMI up to 4K/UHD @ 60Hz, VGA input signals up to 1920x1200, embedded audio, and control signals can be extended up to 100m.
Atlona HDVS-200-RX	HDBaseT scaler with HDMI output with balanced analog audio de-embedding and display control using CEC, IP, or RS-232.
Biamp TesiraFORTE AVB CI	Biamp Digital Signal Processor designed for sound reinforcement with echo cancellation.
Biamp AMPA460H	4 channel power amplifier to power all speakers in the room.
EV RE97LTX & RE-2BP	EV RE97 omni direction lapel microphone to suit RE-2 and WTU-2. EV RE-2 wireless receiver and BPU-2 bodypack transmitter.
EV C4.2	EV 4" in ceiling coaxial speakers with back can.
