

The Challenge:

To distribute a large range of audio visual content utilising the existing corporate infrastructure.

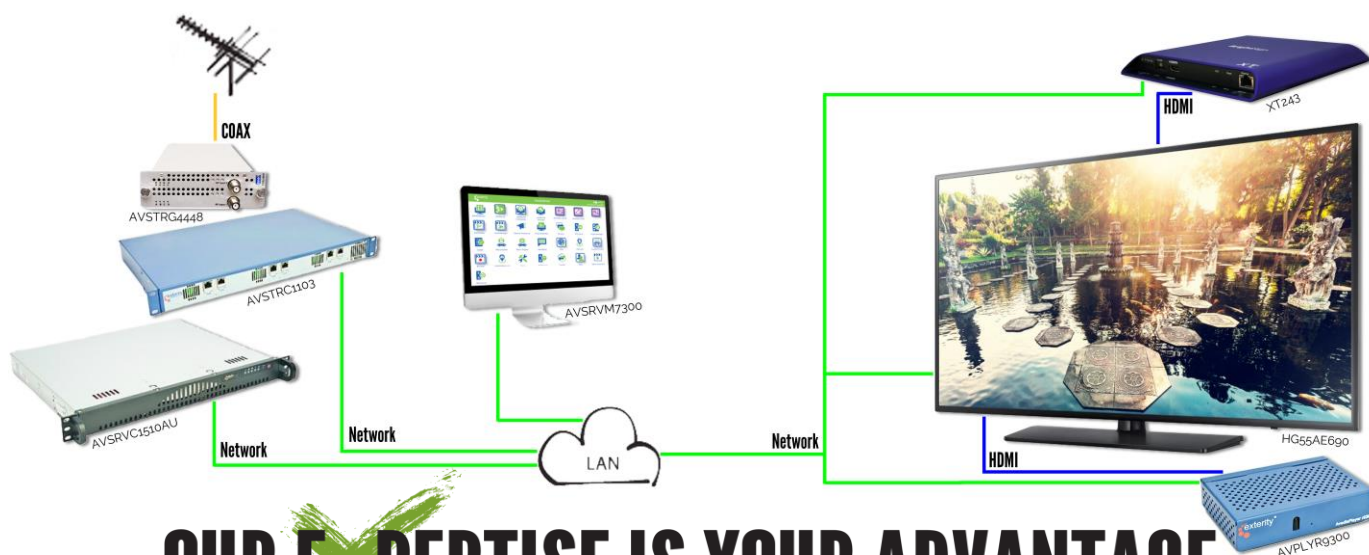

Our Solution:

Exterity IP video solutions enable the delivery of content to various devices, anywhere in a corporate environment. The multimedia content can be viewed on a range of devices,

Exterity's own R9300 IPTV set-top boxes, Samsung's range of premium hospitality displays and BrightSign's range of digital signage media players to name a few.

Product	Function
<u>Exterity AVSRVC1510</u>	Flexible hardware platform for AvediaServer installations. A single hard disk & compact 1U rack mounted package, make the C1510 ideal for small to medium IPTV environments.
